## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment and accompanying remarks filed 8/7/09 have been fully considered and entered. Claim 1 has been amended as requested. Applicant's amendment to claim 1 is found sufficient to overcome the 112 2nd paragraph rejection set forth in the Final Office Action dated 4/17/09. As such, this rejection is hereby withdrawn. As previously set forth in the Office Action dated 4/17/09 claims 1-3, 10-12,16-17,32-39 and 42-60 are allowable.

### ***Allowable Subject Matter***

2. Claims 1-3, 10-12,16-17,32-39 and 42-60 are found allowable. Specifically, with regard to claim 1, the prior art of record does not teach coating the paper with a vapor barrier coating or a resin vapor barrier film. With regard to claim 47, the prior art does not teach a paper and fastener component comprising an insecticide. With regard to claim 48, the prior art does not teach a paper and fastener component comprising a fungicide. With regard to claim 49, the prior art does not teach a paper and fastener component comprising a rodent repellent. With regard to claim 50, the prior art does not teach the use of Glassine paper. Presently, no motivation exists to combine references to form an obviousness type rejection. With regard to claim 55, the prior art does not teach a paper and fastener component comprising an antifriction coating. An updated art search did not produce any substantial art for which to base a rejection and presently no motivation exists to combine references to form an obviousness type rejection.
